Ring Size Guide

Before measuring your ring size, be sure this guide is printed in US Letter size and scaled to 100%. You can check the accuracy of your print by positioning a credit card on the line below or placing the correct coin in one of the labeled ring sizes. If the card or coin lines up, the sizing is correct.

PLACE CREDIT CARD HERE

Measure By Matching Your Ring

To find your Signitas ring size, use an existing ring that fits you well. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should see only the white circle—with no blue space—inside your ring. If your ideal fit falls between two sizes, our recommendation is to select the larger size.

Please note that rings can be ordered in 1/4 sizes if they are in between 1/2 sizes. Still not sure of your ring size? Contact us at info@signitas.com and we can mail you a traditional finger sizer.

Visit signitas.com for your perfect custom ring. All of our school rings are individually designed and available in 10K, 14K and 18K solid gold and sterling silver. Platinum pieces are available upon request.
